

Sanarium® - The light edition of the sauna

If the classic finnish sauna is too hot or too dry for you, but you don't want to abandon the pleasant relaxing of a visit in our sauna, then you can find an ideal alternative in our saunarium.

With temperatures of about only 60°C and air humidity of maximum 55% you find a very gentle climate for relaxing and feeling good. Furthermore the sanarium strengthens the immune system and helps lower the high blood pressure.

4 tubes + 4 colours = 95 moods

Change of colour 4 tubes + 4 colours = 95 moods

With the coloured light you can affect the moods well directed: blue light calms down, red light activates, green light acts relaxing and yellow light caters for high spirits. The colours can also be combined.

Sanarium ® is a registered brand of KLAFS GmbH & Co. KG.
